#### **About the Academic Achievement Recognition Program:**

Since its establishment in 1983, the Academic Achievement Recognition Program has recognized and celebrated minority student scholars from Fairfax and Loudoun Counties who exemplify excellence. It was created to uplift our students and underscore the belief that their academic success deserves recognition and respect.

Over the years, this program has grown into a signature event of pride and community unity. In 2021, we had the privilege of honoring over 150 students who embody the perseverance and dedication that educational success demands.
